ZODDA WINS 'ENKIDU' HANNA EARNs 'REVENGE'

All those hours playing hockey from his law books have earned Rudy a narrow victory in HISTORY OF THE WORLD. That means we'll be starting "Utopiaheim", our next HOTW offering, next month. Signed up are Asfeld, Oleason, Hanna, K Wilson, Morrison, and Osborne. Standbys are encouraged to apply in case one of these worthies changes how or her mind. What I need from players and wanna-bees alike is a color preference and votes on which optional rules to use. See House Rules for details (enclosed for some).

Our third regular 1830 game has drawn to a close with Chuck Hanna enjoying a healthy 1974 lead over runner-up Don Chinnery. See Mark Frueh's comments below about the gamestart for "Vengeance is Mine".

BORIS'S BULLETIN BOARD

Thought for the Month: All War supposes human weakness, and against that it is directed.
—Carl von Clausewitz

Congratulations go out to Paul and Karen Zieske on the birth of their daughter Petrina Marie on 5 May 95. All are well.

Chuck Hanna reports: I just acquired the computer version of 1830. It seems to be a fairly accurate rendering of face-to-face play, including the fact that I seem to lose regularly. A game takes about an hour to play. The computer-generated players tend to be very active in the stock market and (unlike the people I'm used to playing with) to be more interested in diables than in 5 trains.

The program does allow more than one live player, but, alas, does not generate a verbal record of the games, so it can't automate the OM's job.

Mark Frueh Reports: "Vengeance is Mine" Gamestart. We have four ticketed passengers now: Paul Bolduc, John Butitta, Don Chinnery, and Chuck Hanna. I would like to accept two more passengers by the deadline, but am willing to get the train rolling by the next deadline with four players. Results will be mailed and e-mailed to all the players, with the nice glossy map to be visible in the Boris the Spider report.

We forgot to give Charles Bahl's address last time. It is 1251 Ashcroft Lane, San Jose, CA 95118.

It's time again for the People's Diplomacy Organization triannual census. I'll be submitting all our Dipper's names in a month or so, so if you don't want to be included, let me know and I'll temporarily "love" your address.

This year AvalonCon (2-6 Aug) is also World DIPCON. Boris burns: ragee, looks to go (Mr Nar wants to visit kinkale in California for no good reason). Boris desperately needs a "Corvidow" to team with Mr Nar to pillage (he mails in a) Baltimore, b) Ft Walton Beach, or c) your area. Hurry!

Mayfair has finally charged my VISA account for 1956 and 1870. Hopefully that means they'll be shipping soon. Bill Wardsmann confirms that Mayfair now has all the components for 1856 and just needs to assemble and ship. No word on 1870's status.

BOOS & KUDOS

This month's Madame Bolduc Press Excellence Award goes again to Ron Fisher for his article dactined St Petersburg in "Boris VIII".

This month's Mr Nar Super-Sunday Bomb goes to Art Asfeld for delay of game.

Spring 1913

1994RS

ERRATA: English A Par-Par did succeed, as was reflected in the Supply Center Chart.

WALL STREET JOURNAL. - It's Spring, and as surely as the ice is breaking up on the River News, another Peace Proposal is on the table. Will it come in time to include the Tear as a full participant? For yet another Tzarist army has shuffled off to Slavic Valhalla thinning the life. Austria could reclaim TUN and perhaps take WAR, lifting his total to 17 and the threshold of victory barring losses in the West. Alas! England has a 3-2 on SPA and a 4-3 on BER so losses there are likely. Recommendation: sell kroner and buy pounds.

TROOP MOVEMENTS

Austria retreated A PAR to GAS. Russia retreated A RUM to SEV. England builds A Lon. Russia tears F TUN.

Due next time are orders for Fall 1913 and a vote on the proposed AER draw.

MURKWOOD: It seems the end is in sight for both France and Austria as the Russo-Turkish hordes overwhelm their positions. Yet the West is awakening to the peril, as Germany has captured the Russian capital and appears to be digging in for a long stay. England is sending fleets steaming towards the Med, so Italy may soon find itself as the odd-man-out. On the other hand, Kaiser Wayne's western marches are looking empty.

Due next time are the retreat and orders for Fall 1908.

EMBASSY BEAT

BERLIN: We will not molest the English empire, we are expanding to the northern reaches only.

BUD-COR: What did Russia promise you then back out of?

MOSCOW: Moscow and Constantinople despite rumors have a strong alliance.

BORIS WORLD PRESS REVIEW

Baldhome Bugle—Two errors appeared in last month's report. PRB holds 2700, not 27000 pounds. CLOWNS have 1500 rubles, not 2000. We regret any consternation our error may have caused. The miscreant responsible has been transferred to the Royal Sarter Safford Battalion.

Pravda—Government officials report the Russo-Turkish alliance to be as strong as ever and plans to crush Austria are ongoing. The French and German threats to the Motherland would be swiftly dealt with.

CLASSIFIED

Rubles, vodka and caviar are offered as rewards for the French, German and Austrian troops that desert their armies.

BOLDHOME

SPRING 1908 Action

PRB sells 500 crowns, 500 pounds, 225 francs, 500 marks, and 500 lira, then buys 900 rubles and 1800 piasters (83+445+675+645+595+855+1380 = \$287).

CLOWNS sell 200 piasters and 500 crowns and then buy 900 marks and 300 pounds (\$294+189+445+587+405 = \$131).

RVE sells 500 pounds, 500 lira, and 500 rubles (\$450 + 675 + 595 + 975 = \$2195).

WORMTONGUE ROLLS! ITALY FALLS BACK! SPRING 1905

VIII

1994 AU

CLIFFHANGER—Wormtongue and his Cramson Tide roll on. BER and ANK fall, VEN is all but surrounded; on the other hand, MUN wriggled out of his clutches. Perhaps his honey-coated lies never reached Interim-King Rembrandt whose order of A Hol-Ruh would've saved MUN or A Hol-Kie would've denied German A BER a retreat. England is poised to snuff out the Tear to spite the Archduke, and in so doing secure one stalemate line and her survival. Italy, it seems, has seen the light and has sortied into AEG; on the other hand, isn't this similar to last Spring's analysis? As strange as it may seem, the rogue French army may be the key to the situation. Allied with Austria, it could catalyze Germany's collapse; allied with the West, it could bulwark the defense—but at what price to the increasingly desperate Germans and Italians? The Brits know they will survive and will indeed smother certainly place second. But who remembers runners-up?

TROOP MOVEMENTS

German A MUN retreated to KIE. Austria builds A BUD, F TRI, & A VIE; France beaches F NAF. Germany scuttles F NTH. Italy builds A ROM. Russia scuttles F BC.

Due next time are orders for the retreats and orders for Fall 1904.

EMBASSY BEAT

ANKARA—World: LONG LIVE FRANCE!

Berlin is pleased to announce that negotiations are starting between Italy and England at the latter's urging.

ST PETERSBURG—Foreign Minister Fisher offered apologies for his abrupt departure of Moscow due to a personal crisis ... an accident, no, an illness ... death, yes, a death in the immediate family. He expressed regret at the loss of his country ... cousin, yes, his country cousin died unexpectedly and he has to attend to pressing family matters. Reportedly, his last directive to the Commandant of Moscow's defenders was: "Son, you're on your own!"

BORIS WORLD PRESS REVIEW

Berlin Herald—A government official off the record said, "It's about time Italy saw the truth about Austria's plan to dominate the world."

Vienna View: The Archduke expressed his deepest appreciation to his Most Royal Majesty, King Zedds, for his regaining control of the rogue Italian army in Trieste and Gondering it back to Vienna. "Our alliance will stand forever as a testament to the unsurpassable wisdom of the King and the nobility of his person" proclaimed the Archduke. "With our fleets proceeding through the Med to support the King's navies in the Atlantic and with our armies poised to support Italian expansion into the lowlands the end of this ugly war and the start of the world's first truly golden age is at hand," he said. Long live the King!

CLASSIFIEDS

This maybe the rare time the backstabber prospers and the death bed patient recovers totally well.

Where does the toady king keep his armies? Up his sleeves!

Still Winter 1988

1995X

Despite frantic searches of my desk and too long distance calls to Montana, I have no orders in hand for Italy. As is traditional for the first move in such a situation, I have halted the game. Should Art's orders arrive (or surface) in the next few days, I'll notify the principals by postcard, otherwise we'll wait until next month. In the meantime, all your orders and ptes are still in effect, but you can change them if you wish. Will Jack Shacklett send in standby orders for Italy? Please!

We have four players currently in the Clearwine Bourée and could certainly use a few more to make things interesting. Rules in last issue.

What am I going to do with 5.5 inches of white space? Cartoons? Nah, howabout the next MAGIC REALM map! Those signed up, send Character, Character Name, Personal History complete with Victory Conditions and spells chosen, starting location, and preference list of where to get your armor and weapons. House Rules probably enclosed.

STELLAR CONQUEST

STATUS

FLESH GORDON: We've got Turn 35 Combat finally resolved. Now we just need a break to the Turn 36 production and we ought to be moving again.

SIMON WAGSTREIF: I've got to find my notes, but I think a combat question has been resolved and we'll get this one moving within a week also.

—BRITANNIA (continued from p 17).

SCOTS (2): 1A @ Moray, Dundin, Irish

JUTES (1): 2A @ Kent.

SAXONS (2.5): 1A @ Downlands, Sussex, Wessex

ANGLES (2): 2A @ York; 1A @ Bernicia, Lothian, North, Pennines

LEGEND: A = army, C = cavalry, L = leader, R = raider, (#) = population points, r-??? = retreats to ???, + = has submitted.

NOTES

TURN RECORD TRACK:

Turn 8: Add '1 Irish (Atlantic)

Turn 14: Should read 'S Dubliners' (not 2)

VICTORY POINT CARDS:

ROMANO-BRITISH: 'XIII Hengist' should be on a separate line

DANES: Add '1' after the Turn 11 statement. Add 'S. Mercia' to the areas worth 2 points in Turn 12

JUTES: Add 'XIII Arthur (S) to the During Any Game Turn/ating. Add under Notes the following: 'S. Cannot land north of Cornwall on the West Coast or North of Mar on the East Coast.'

ANGLES: Add 'S. Mercia' to areas worth one point in Turn 7.

RULES:

5.4: The accompanying example is wrong. A move from Cheshire to Skye is not legal according to rule 5.16. It should be read as Cheshire to Delraide.

5.4 & 9.1: What constitutes a 'boat move' needs to be clarified, as follows: 'A unit moving by boat counts the sea area it moves into as one move and the area it lands in as its second move; it can move no further. A unit with a leader, a cavalry unit, or a Roman unit could make a third move, either before moving into the sea area or after landing at a land area.'

10.4: Add 'The Romans build more than 25 forts.'

10.5: Add 'If there are no Romano-British units on the map and there are no vacant areas, Arthur and his cavalry units do not appear.'

12.1: Add 'There is no vote for Bretwald on Turn 16 even if no King is elected.'

TURN 08/10A

ERRATA: Farrow's passenger run was snowbound last turn and couldn't earn \$800. Bill pointed out that the silver sold last time was illegal (see "The Game Turn", para 4) since Paul couldn't deliver it last turn. We delay the purchase and Dan's survey to this turn (when he wasn't going to survey anyway). Paul doesn't have the cash for 2 Ag, so will buy only 1 S.

We'll halt here as my hurried conversation with WBB from Guam didn't cover this contingency. Then too Gizmo's orders stated, "I don't know whether I'll do business or move on." But next time are orders for one turn from all but Gizmo, from whom I'd like two. Note that Richard has moved to Guam, so the game may be delayed some until he can get an e-mail. Also note that Don is on the road again.

SCOTS (2): Remove Fergus. Grow 1,5 Population Pt. Add 1A @ ???

We'll halt here as the orders begin to get weird from this point onward, understandable in Paul's case with the new arrival. Due next time is the rest of Turn 8 votes for Bretwalda and as much of Turn 9 as we can manage. On Turn 9, 1 Irish appears in the Atlantic. Clu enters if Angles hold Bernicia at the beginning of their turn. Angles & Saxons have boats. Given room on p11, we'll also cover the official Atlacrats.

Score: Purple 71, Red 84, Blue 51, Green 20,5.
